#### Data allowance:

- For clarity: we will not auto top up with 1GB. It is always your choice to increase data. So no bill shock.
- The 180GB data plan is the maximum data we have access to offer and it is also a limited plan, so top-ups are not a recommended option if you need over 180GB.
- Top-ups for all the in-between plans are good value.

#### For a cancelled service:

- The mobile number will be cancelled forever and cannot be reinstated.
- No cancellation fee.
- The final monthly invoice is due in full. But no other monthly payments will be due, there is no contract locking you into extended payments.
- The minimum term is 1 full month.
- Additional usage outside of the included monthly fee will still be due after cancellation.
- Please Note: No part-refunds or full-refunds will be provided by NewSprout for the final month for any cancelled service. Failure to give cancellation notice before the next invoice's Due Date, or if the service is still active for part of the following month after cancellation has been requested, will result in an additional monthly invoice being generated. This invoice (together with any outstanding invoices and/or additional usage) will become the final payment that is due in full.
